 Please make arrangements for student pickup at Sage.

**April 15th OIT College Connection** Gr.5/6

**April 29-May1—Capitol/Portland** Gr.5/6

**Enrollment Events**

Several Informational Events will be held between April 19 & August 23.

A variety of varied times, days and events in hopes varying schedules and interests. There will be small informational tours, an ice-cream social, a BBQ,...

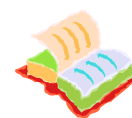

Flyers with more information will come home soon. Please share with friends neighbors, churches, clubs...

*April 19th 10 am Ice Cream Social*

**LIBRARY CORNER**

**Author of the Month**

*Hans Christian Anderson*

**The Magic Boots**

**The Princess and the Pea**

**The Tinder Box**

**National Agriculture Week**

Jed Smith, OSU Extension office, was invited to share some knowledge and activities about Oregon's Agriculture. Here are essays by Sierra Kincaid (Gr3) & Feather Parrish (Gr4).

*Jed Smith taught us a lot about agriculture. My favorite thing Jed taught us was how much farmland there is in the world [by] using an apple and slicing it in to pieces Then he handed each of us a small container and poured whipping cream in to it. ..We shook it for about 10 minutes, looked inside it and there was butter. It was really fun, but I liked the slide show best.*  
 ~ Sierra Kincaid , Grade 3

Cheyenne 's apple represents the world & the fraction of agricultural land.

Grade 1/2 shake, shake, shake turning cream to butter.

Jeshua, Natayah, Aleah, Shian, Noah, Nathan and Jesse

*Jed Smith taught us about keeping our crops healthy and how to take care of them and how to treat them...We got to make butter . We had to keep shaking [the cream] until it was turning into butter. If you give it too much sun light it can be really bad for it.*  
 ~ Feather Parrish , Grade 4

**Community Calendar Contest**

Visit the Chiloquin Community Center to see student entries from all Sage classes .

Artwork is located in Lobby and Main room.

**Sage Community School Board Meeting**

**Thursday April 10 at 6:30 pm Please join us!**

**PICTOGRAPHS and PETROGLYPHS**

Grade 1 / 2 cannot wait to create more based on knowledge that will be shared by Sage parents about pictographs and petroglyphs located in our region.

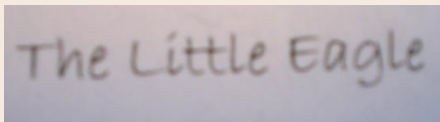

**Read Across America Week.**

Sage held a Read-In where grades 3-6 paired up with grade K-2 students and read to each other. Also, ...

*Perry Chocktoot*, Klamath Tribes Cultural Heritage, was invited as a guest storyteller.

The **Kindergarten class** made a class book about the stories Perry told. To the left are some of their title pictures.

***Good Things about America ~ Hollie P, Grade 6***

*America is such a good place to live. No matter what people look like, you can still be friends. America can be a good place if people take care of it. If you look around, our Earth is not clean. That is why we help clean our America. We have so many things to love on this Earth like plants, oxygen, water, animals, heat, oil and energy.  
I love Earth.*

\*\*\*\*\*

**Taron B -W (Gr 6) was awarded \$1500 to attend ExxonMobil-BernardHarris Summer Science Camp at OSU, Corvallis. To qualify, she had to demonstrate high academic performance. She also submitted an essay on her interest in science and the role it plays in her future.**

**~~~ STATE TESTING ~~~**

Sage students are doing well on "OAKS" –Oregon Assessment of Knowledge and Skills. These assessments which begin in 3<sup>rd</sup> grade give educators an indication of how well students are achieving toward the standards set by the state. Students are given 3 chances to take tests in math and in reading. Fifth grade also tests in science, and fourth sends in the state writing assessments.

So far, Sage students have done fairly well. In fact, the 3<sup>rd</sup> grade class had 100% meet or exceed the state benchmark in reading! Wow! In other subjects, and grade levels, Sage students are very comparable to the district and the state.

**VOLUNTEERS**

If you would like to donate volunteer hours for processing library books, please call to see if we can arrange times to fit your schedule.

**PARENTS**

Thank you for participating in conferences and the Oregon Schools survey. Sage staff believes that family involvement is imperative to the success of our children.
